# WHAT IS NUIT DU HACK

NUIT DU HACK  
July 2<sup>nd</sup> and 3<sup>rd</sup>, 2016

Initiated in 2003 by a crew of people, who got together under the name of "HackerzVoice" and inspired by the famous and biggest US hacking event named "DEFCON", "La Nuit Du Hack" is one of the oldest French underground hackers'event, bringing together professionals and amateurs around lectures and challenges.

Regardless of their InfoSec skills, guests come to learn and talk about the latest advances in IT Security to assess and/or improve their level. To improve quality and accessibility of this event, since the 2010 edition, we include many English-speaking conferences and workshops in our schedule.

Started with 20 persons, the event stopped growing up by gathering more and more people. In 2015 we had the honor to host several international renowned speakers and gripped more than 1600 guests including more 50 challengers from all over the world.

# LOCATION

NUIT DU HACK  
July 2<sup>nd</sup> and 3<sup>rd</sup>, 2016

In 2016, Nuit Du Hack will return to Disneyland Paris New York Hotel and will feature twenty-four hours of workshops, presentations and security challenges.

Hackerzvoice's team is proud to welcome you back to one of the most accessible and magical location.

Chosen for its immediate proximity to Paris, Disneyland's parks offers more than a well deserved location to our valued guests, it's also a unparalleled set of services.

Close to "Val d'Europe", one of the biggest commercial area of Paris, the convention center is easily accessible due to its central location in the Disneyland's parks and its vast transportation services.

From international train station to regional and local bus lines, you are now able to move freely and easily at a reduced cost.

Additionally, all our guests who come from afar, can join us in less than ten minutes from the international airport [CDG Airport only] using a high speed train direct connection, between the airport and the Disneyland's Park international train station.

The event is located inside the most important Disneyland's hotel complex, right in front of a beautiful lake, which is a perfect location for you and your family.

Our strong partnership with Disneyland and many other local hotels will guaranty the most interesting price for your visit and let you live an unforgettable moment.

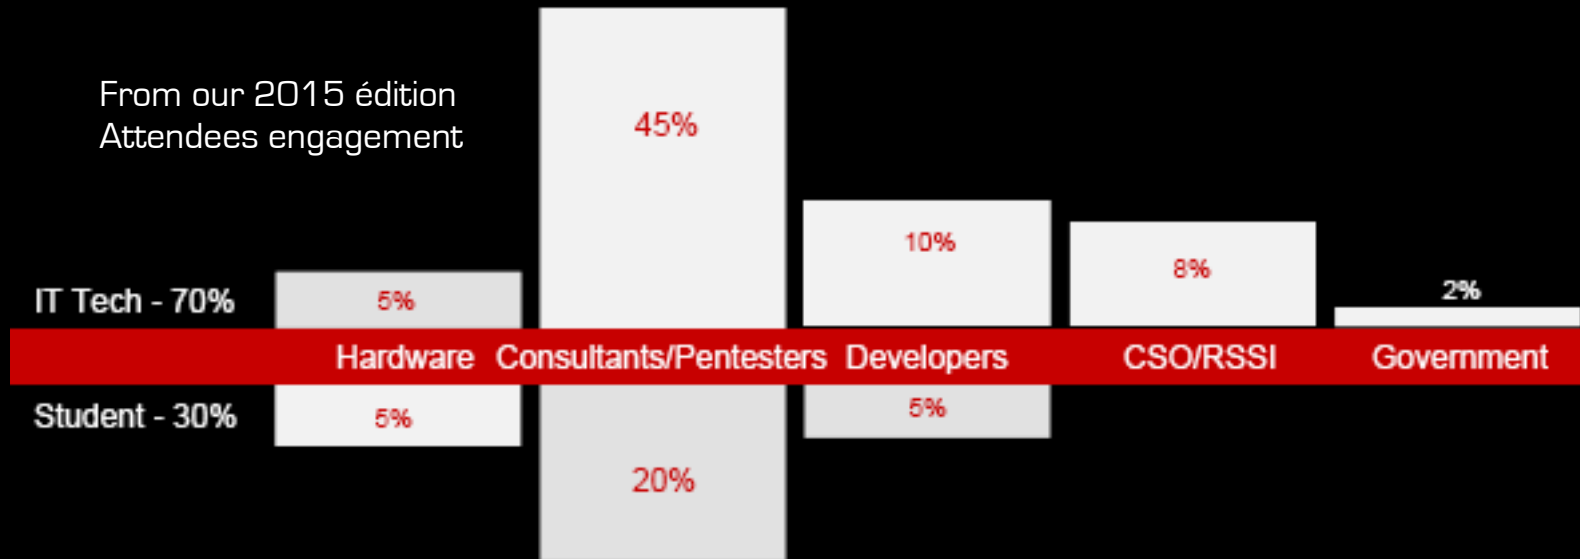

# ATTENDEES

NUIT DU HACK  
July 2<sup>nd</sup> and 3<sup>rd</sup>, 2016

From our 2015 édition  
Attendees engagement

Most of our attendees have a strong IT background and are working on the French InfoSec industry. NDH event became over the year a perfect target for any company aiming to reach new customers and future business partners.

Many leading IT security companies are happy to be among us every year, and we thank them for that.

We're happy to discover that our effort of proposing English-spoken conferences is paying: We see an increasing number of international attendees, coming not only from Europe, but also from USA and Asia.

We are usually sold out nearly a month before the event, as we can't host more than 1700 people in the convention area, due to Disney's security policies.

# SPONSORSHIP

NUIT DU HACK  
July 2<sup>nd</sup> and 3<sup>rd</sup>, 2016

# TESTIMONIALS

NUIT DU HACK  
July 2<sup>nd</sup> and 3<sup>rd</sup>, 2016

*«Nuit du Hack is now a widely recognised event for company security enthusiasts in France. OVH.COM sponsored this hackathon for the first time in 2013 and we definitely plan to do it again. It enables us to make contact with a well-informed audience, made up of the best experts in the country. Our participation in the last Nuit du hack led to new talent being recruited for OVH. Together with the media coverage we get, it's highly beneficial venture for OVH and very positive for the geek community.»*

**Sou Mookien – OVH DRH Groupe**

*«Nuit du Hack is a major security event fully aligned with QWANT's values around security, privacy and no tracking. It has been a great pleasure to sponsor the Nuit du Hack for the past 2 years. Launching the first Bug Bounty ever in Europe was possible thanks to their support and expertise. There's no doubt QWANT will keep being a strong partner of the event and the hacking community !»*

**Eric Leandri , QWANT General Manager**

*«There is no equivalent in France where you can meet the whole hacking community. And when you know the lack of security experts in our companies, this is definitely the place you have to be present. Sponsoring Nuit du Hack for us at Digital Security is unique as it was our first major sponsorship when we started the company ... and it was such a success ! We aim to keep this going on and be a long lasting partner. Make sure to come and see us this year.»*

**Jean-Claude Tapia, President of Digital Security.**

*«I have been sponsoring Nuit du Hack for the last 5 years and never had to regret it ! The event has grown over the years in numbers of talks, participants, and in professionalism. It has become the hacking event in France with the greatest visibility and it is not a surprise to me that so many great speakers from all the world now want to talk there. It is the best place to learn, share knowledge, meet interesting people, network and have fun doing it ! I will of course be a sponsor for the years to come.»*

**Claire Kemp – IT- Gnosis/EC - Concil**

# CONTACT

NUIT DU HACK  
July 2<sup>nd</sup> and 3<sup>rd</sup>, 2016

How to reach us :

You want to know more? Or you're ready to sponsor us (glad to hear that!) but you don't know how to contact us ?

As each sponsor is important for us, we decided to provide a dedicated contact address where you can reach us directly.

We will be very pleased to handle and discuss all your requests, in order to bundle the package that suit you needs.
